

Sartorius | [pipetting](#)academy

Your training
tool for better
health and
safety in the lab

Pipetting Academy is designed to offer a comprehensive solution to questions you may have regarding pipetting techniques, ergonomics and pipette calibration

■ At Pipetting Academy seminars, you will:

- Be guided through the essentials of laboratory and pipette ergonomics and safety
- Gain a better understanding of the ergonomic risks in the laboratory environment and in pipetting tasks in particular
- Be able to instruct your colleagues on how to avoid strain injuries and make work more enjoyable

Following the seminar, gain exclusive access to educational material, videos and animations on ergonomics, pipetting techniques and calibration.

Build your own seminar
with any of these modules

- Pipetting techniques
- Ergonomics
- Pipette Calibration
